*A LONG HISTORY OF FINANCIAL SECURITY*

It has been 70 years since the May 1933 incorporation of The Cleveland Teachers Credit Union, now known as The Ohio Educational Credit Union. Over the many years that followed, the Credit Union provided quality service to its members based on the fundamental principle underlying the financial cooperative - "People helping People." From its inception, the Credit Union provided a diverse selection of quality services for employees and family members of the Cleveland Public School System. Changes to the charter have opened Credit Union membership to all educational institutions throughout the state of Ohio.

The Board of Directors, committees and employees are comprised of individuals who bring with them the full spectrum of financial and credit union experience, and together they form a progressive and forward-thinking team. It is this strong team that provides a foundation for the delivery of quality service to the membership. The Credit Union continues to invest in the development of its employees and services, to assist our members in building their financial futures.

Membership in the Credit Union is just that - membership. Our members are not customers, clients or guests - they are owners, and owners have many privileges. The Ohio Educational Credit Union now serves individuals from a variety of organizations. The varied Credit Union membership includes students, alumni, employees, and retirees from primary and secondary schools, universities, teaching hospitals, public and private trade schools throughout Ohio. In addition to educational institutions, the Credit Union also serves individuals from several community service organizations, home health care providers, day-care services and arts organizations. Ever mindful of the goal of establishing and enhancing its members' financial well-being, the Credit Union focuses on, and caters to, the individual needs of its members and their families, and assists them in building their financial future.
